There's something that's really been bothering me.
C'mon boys, drink!

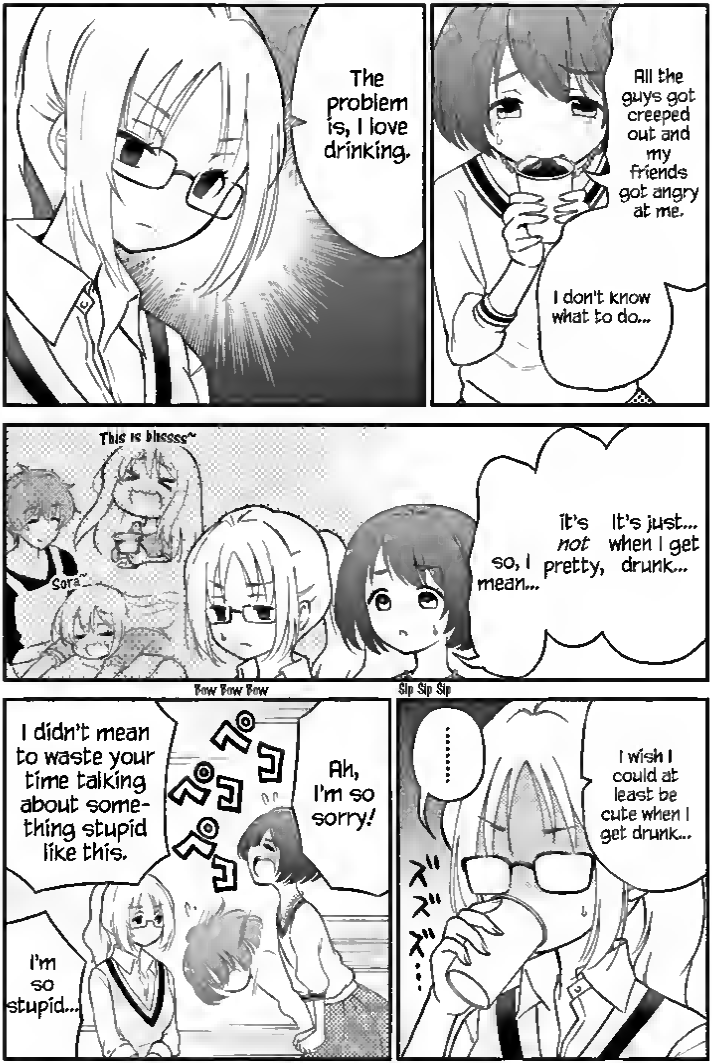
I went wild during a mixer.



The problem is, I love drinking.
All the guys got creeped out and my friends got angry at me.
I don't know what to do...

Chapter 5 Fin

The Kitty

Recipe

Red Wine	**75 ml**
Ginger Ale	**75 ml**

1. Fill glass about halfway with ice

2. Pour red wine until glass is about one-third full

3. Pour ginger ale until glass is about three-fifths full

4. Lightly stir one or two times.

5. Add lemon juice to taste and enjoy ♡

Memo

This cocktail was named The Kitty as it was supposed to be red wine "even kittens could drink." Its alcoholic content is quite low due to the amount of ginger ale.

Comfort zone in sight, but still recruiting!

Well, our redrawing crisis seems to have abated.

(Which reminds me… I lost track of events after we dropped ***Satanophany***. Has the new group rumoured to be about to pick it up done so? :P)

This means we only need a redrawer for ***Shounen Y*** and an extra one for ***Saru Lock***.

Our test is at **https://goo.gl/qfnsc6**

You can leave the pages marked "difficult" out for ***Shounen Y***, but you have to do them for ***Saru Lock***.

From what I can see, now we need a typesetter for ***Psychic Odagiri Kyouko's Lies***. The test is here: https://goo.gl/vQuPZA

Please submit the PSD files with your application bundled in a compressed folder (RAR, Zip, 7z, whatever) and send it as a download link to me as a PM (Wraith a deathtollscans.net, kendama at Batoto), or post it here: **https://goo.gl/jkE13V**

If you are experienced, contact me to know of ways of bypassing the test.
